Letter No G C 241 dated 17.3.1932

Request sanction of Govt for the Construction of a Venereal Ward at a cost of about Rs 1000

1) Send with previous notes

The plan & Estimate for the Construction of the Ward has to be obtained & the Sr Surgeon states that the cost may not exceed about a thousand rupees

2) It is for consideration if sanction of Govt may not be accorded after the plan & Estimate are prepared & obtained.

3) If considered necessary, the Sr Surgeon may be told that this proposal re the construction is approved pending formal sanction of Govt, on the Estimate & plan to be obtained

Bdg 26/3/1932 WP 26

4) perhaps a provision may be made in the Budget for the room.

5) ~~The estimate~~ The cost is estimated at Rs ~~2,000~~ 1,000/-, if the available materials are utilized. This cost has to be met from P.W. funds, for which ~~a~~ provision has to be made in the P.W. Budget.

6) The Chief Engr: may perhaps be asked if it is possible to make the provision in the next years budget.

19) As both the plans and estimates were sent for my approval, I countersigned them both, with the remark that as it was proposed to have this ward, in between the Pavilion IV and V in the Victoria Hospital, it would be better that this ward may also be in general keeping with the existing wards in that Institution. The original proposal costing Rs.1,000 was for the putting up of an open-air ward with the old materials of the Sanskrit College, and zinc sheet roofing, but this was ultimately dropped in view of the fact that such a type of ward would not give the required amount of privacy to encourage patients to resort for treatment.

No 9.C.236-1 28.4.33.

20) Even now if a ward conforming to the less expensive design were to be sanctioned it would only have to be there just as a temporary measure for the reason that it will not be in keeping with the adjoining pavillions. Dismantling it and erecting a new structure later on would cost much more than the present estimate.

21) In these circumstances, I request that the revised estimate for Rs.7,600 may be accepted.

Whether the report pertaining to this may be called for, is for consideration

22) Evidently by oversight the Chief Engineer has only sent the report pertaining to the lower estimate.

OFFICE OF THE SENIOR SURGEON IN MYSORE,

Bangalore, dated the 17. 3. *1932*

Med. 200-31-1.

From

S. SUBBA RAO Esq., B.A., M.B.C.M., M.R.C.S., (Eng.) L.R.C.P., D.P.H.,
Senior Surgeon with the Government of H. H. the Maharaja of Mysore.

To,

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

Reminder to Hagf

Adverting to the correspondence ending with your D.O.Letter No. G. 5099/Med. 279-28, dated the 10th October 1929, regarding the proposal for the extension of the venereal ~~ward~~ department in the Victoria Hospital, Bangalore, I have the honour to state that though a plan and estimate of Rs.5250 was prepared for the construction of an open air ward in the Victoria Hospital, it was then kept by for want of funds. Even as early as 11th December 1928, Government in their Order No.G.7162-3 Med. 60-28-9, sanctioned a sum of Rs.15,000/- for the introduction of venereal clinics, but no action has been taken so far in this respect.

When I inspected the site of the construction of the new Maternity Hospital building, I found that the dismantled material of the Sanskrit College building - timber, tiles and Cuddapa slabs - are available for being used elsewhere. As these are the only materials ~~available for being used~~ necessary for an open air ward. I would suggest that the question of the ward may be taken up now, and a plan and estimate obtained for the construction of the ward, utilising this available material.

I have also spoken to the Executive Engineer, Bangalore, Division, for the preparation of a plan and estimate for this purpose, which I believe may not exceed about a thousand rupees.

I request you to kindly obtain sanction of Government for putting this work through at an early date.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subbarao

Senior Surgeon.
